

**Are you a former or current restaurant worker who has been displaced by the pandemic?** Did you work in catering, other hospitality, or retail? Have your *hours and tips* been reduced due to COVID-19? Are you needing to pick up hours to cover lost wages?

**Your customer service skills are above average and can be put to great use caring for the elderly in their homes!** Home Health Care offers flexible schedules and jobs now! Some agencies even offer sign-on bonuses!!!

The Area Agency on Aging PSA 2, in partnership with the Del Mar Encore Fellows program of The Dayton Foundation, is excited to offer FREE Certified Nurse Aide (CNA) Training and a virtual job fair to the Dayton area's displaced hospitality & retail workers that are interested in working in Home Health Care.

**This special training can be completed in the next few weeks. Once training is completed successfully, you are trained and able to start work!! You will assist in-home care clients with homemaking, errands, bathing/dressing/grooming, and one-on-one interaction. And, if you go on and pass state certification to become a State Tested Nurse Aide, you can earn even more income!**

Are you interested in a job where you can choose your own hours? Where you can continue to work at your current job or around your school schedule? Home health care may be just what you are looking for! Many home health nurse aides work their hours around another job, school, child care, etc. Many have also had a start in Home Health Care lead to a career in Nursing.

**If interested, please reach out to Kathy Stevens at [kstevens@info4seniors.org](mailto:kstevens@info4seniors.org) or call (937)-341-3099.**
